Mayor Collins opened the hearing explaining that the purpose of the hearing was to receive and consider verbal and written presentations concerning Bylaw No. 17-2006 being a Bylaw to amend the Zoning Bylaw.

Council received a verbal presentation from Dan Boehr of Boehr Construction Ltd.:

Mr. Boehr provided a brief overview of his proposed multi-unit dwelling development for the affected land (Lots 17 – 20 in Block 41), the old swimming pool site. If the zoning amendment receives Council approval, Boehr Construction proposes to begin marketing the development of a ten to twelve unit condominium project. The building would be similar in design to the other three condominiums constructed by Boehr Construction Ltd. in Watrous. Mr. Boehr explained that the proposed development may provide more variety in terms of the unit sizes (square footage), an amenity room, as well as enclosed parking accessible via the lane. Subject to approval of the zoning amendment, Boehr Construction plans to begin marketing the project later this fall and over the winter with construction proposed for 2007.

Council received and reviewed the following written submissions:

(1) Earle Amendt Sr. – received September 15, 2006

Mr. Amendt’s submission spoke in opposition to the proposed zoning amendment and multi-unit residential development.

(2) Ken and Delores Yung – received September 18, 2006

Mr. & Mrs. Yung’s submission also opposes the zoning amendment and multi-unit residential development.

No further verbal or written presentations or submissions were received.
